After publication of the article [1], it has been brought to our attention that there are some errors in the formatting of names in the final version of the article.

Firstly, the article's fifth author had their name spelt incorrectly. Previously included as "Roosmarijn E. Vandenbrouke", the correct spelling is "Roosmarijn E. Vandenbroucke". This error was present in the author list and page 3 of the article.

Furthermore, author names in the article references had formatting issues. This occurred in cases where "van" is part of the naming structure. In these cases the rest of the last name was included incorrectly as an initial. The references affected are listed below with their corrected author list.

Reference #7 should read: Vandenbroucke RE, Dejonckheere E, Van Lint P, Demeestere D, Van Wonterghem E, Vanlaere I, et al.

Reference #8 should read: Brkic M, Balusu S, Van Wonterghem E, Gorlé N, Benilova I, Kremer A, et al.

Reference #9 should read: Balusu S, Van Wonterghem E, De Rycke R, Raemdonck K, Stremersch S, Gevaert K, et al.

Reference #10 should read: Reijerkerk A, Lopez-Ramirez MA, van Het Hof B, Drexhage JA, Kamphuis WW, Kooij G, et al.

Reference #22 should read: Loryan I, Sinha V, Mackie C, Van Peer A, Drinkenburg W, Vermeulen A, et al.
